## EDUCATION

|                                                                                                                  |                                                 |
|------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
| <b>Pace University</b><br><i>Master of Science (MS) in Computer Science (GPA - 4.0/4.0)</i>                      | New York City, NY<br><i>Jan 2024 - Dec 2025</i> |
| <b>Dr. A.P.J. Abdul Kalam Technical University</b><br><i>Bachelor of Technology (B.Tech) in Computer Science</i> | Noida, India<br><i>Jul 2016 - Sep 2020</i>      |

## TECHNICAL SKILLS

**Languages:** JavaScript/TypeScript, Python, Java, Rust, Html/Css  
**Backend & Frameworks:** React, FastAPI, Spring Boot, LangGraph, LangChain, FastMCP, LangSmith, Langfuse  
**AWS Services:** Lambda, Step Functions, CloudWatch, CloudFormation, API Gateway, EC2, RDS, S3, CloudFront  
**Databases:** PostgreSQL, Redis, MongoDB  
**Others:** CI/CD, Docker, Kubernetes, Git, Google ADK, OpenAI Agents SDK, LlamaIndex, Claude Code

## PROFESSIONAL EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                            |
